Miss Evelyn L. Raper

Dear Miss Raper:

Referring to your letter of 7 September in which you advised that your automobile was involved in an accident that occurred at approximately 8:10 a.m. September 7 on the 14th Street Bridge in which a truck US Govt 243, driven by a L. B. Jones collided with your car bearing Maryland plates No. 505-426.

A complete investigation was made by this agency with the following findings:

(a) Although U. S. Plates No. 243 belongs to this agency they have always been and are now assigned to a 1942 Plymouth sedan while you advised that the striking vehicle was a truck.

(b) No person by the name of L. B. Jones is employed by this agency.

(c) The U. S. Department of the Air Force; the U. S. Public Health service and the Society for Daughters of the American Revolution were contacted to determine if vehicle bearing U. S. Plates No. 1243, 2431 and D. C. plates No. 243 assigned to those offices were involved in the subject accident. This was not the case.

In view of the above it has been established to our satisfaction that no vehicle belonging to this agency was involved, therefore no further action will be taken by this office.

Very truly yours,

Chief, Services Branch
